## About This Game

A long time ago the world was at peace, war had ceased however mankind's senseless need to expand and explore lead to a dark turn of events. In the year 2034 mankind under a single government had established a wormhole device and caught their first glimpse into another world. What they saw would change them forever, demons leaked out and corrupted the world the central government fell and so did mankind. The few survivors decided to hide in the demons world where they came from and found a world ruled by magic. 2000 Year later mankind established themselves and fought back eventually overthrowing the demon king and his army. With the world at peace and the demons losing their foothold mankind resorted back to their old habits and started to divide themselves this gave the new demon king a platform to launch his attack.

In the year 4056 technology hasn't been able to reach its old peak as the former humans have since died with their knowledge magic now rules the world, and soon the demon king might.
